

Office of Digital Teaching & Learning

Introduction

- COVID-19 pandemic revealed more than **200,000 K-12 students in Arizona did not have access to digital learning**
- July 2020 Superintendent Hoffman announced the formation of the **ADE Technology Task Force**
- Recommended the formation of an **ADE Office of Digital Teaching and Learning**, July 2021

“ODTL”

Vision: The Office of Digital Teaching & Learning is a conduit between LEAs and **technology resources** in support of **digital equity** for all students.

Mission: The Office of Digital Teaching & Learning serves LEAs in a **consultative role** by **building a community** of educators and solution experts dedicated to support the vision of achieving digital equity for all students to achieve their full potential.

ODTL = Office of Digital Teaching and Learning
